

## **BUS DRIVER INFORMATION**

### ARRIVAL METHOD:

Pull the bus into ranch drive just enough to get safely and completely off of the road (through the open gates). Campers will unload from the bus and walk to the dining facility after instructions from ranch staff and/or your group's leaders. Wait at the gate for ranch interns to meet the bus with 4-wheelers and trailers for luggage. **We do not allow buses on the property due to busted water lines in the past.**

### DEPARTURE METHOD:

The driver should pull into the ranch drive just enough to get off of the road and wait at the gate. The bus can be seen from the Dining Facility – someone will come greet you. Campers will walk to the bus from their last gathering. Ranch interns will bring the trailer(s) with luggage to the bus for campers to load. **Please do not drive into the ranch farther than to get safely and completely off the road.**
