

## **DEPARTURE PROTOCOL**

### **WRAPPING IT UP:**

We suggest the following to finish out our stay the morning of your departure. This has worked well for groups in the past

If your group is leaving prior to noon:

- campers and leaders awaken, pack their luggage and load it onto trailers
- clean cabins per cleaning checklist provided by Stoney Creek
- come to the Dining Facility for brunch
- complete your program for the morning
- clean Dining Facility (kitchen, dining room, meeting room and cozy room) per cleaning checklists

If your group is staying through lunch:

- campers and leaders awaken and come to Dining Facility for breakfast
- pack their luggage and load onto trailers
- clean cabins per cleaning checklist provided by Stoney Creek
- complete your program for the morning
- eat lunch
- clean Dining Facility (kitchen, dining room, meeting room and cozy room) per cleaning checklists

### **DEPARTURE METHOD:**

As with your arrival, if departing by bus, have the driver pull into the ranch drive just enough to get off of the road and wait at the gate. Ranch interns will bring the trailer(s) with luggage to the bus for campers to load. (We do not allow buses or RVs on the property.)

If you are departing in cars, the ranch interns will bring the trailers full of luggage to the parking lot for campers to unload. (As with the bus, we don't allow cars to drive on the property except to the parking lot.) Cars needing to refill with gas or program "stuff" will be permitted to drive to the Dining Facility after communicating with Stoney Creek personnel.
